**Soul Forest: Twenty Four Tarot Writings**  
By Rachel Pollack

Rachel Pollack has one of the finest minds functioning in Tarot today, and with her latest book, *Soul Forest* we are treated to several years of delicious snippets of that mind's working. Twenty four little essays - mostly from the early part of this decade – are laid out like small delectables on an esoteric buffet. Reading the titles alone – “Spirit Opens Unknown Locks”, ”Speedy Overview Uncovers Lore”, “She Is A Tree of Life for Those That Cling To Her”, for example – is like scanning a glorious arcane gazette.

The essays cover aspects of Rachel's adventures with her keen mind, endless curiosity, and her trusty deck of Shining Tribe Tarot cards (also her dog Wonder). Everything is fair game to be read and thought through with the Tarot, including the Holocaust, the nature of oracular wisdom and metaphor as medium of wisdom. To read the way Rachel reveals how the seen and unseen worlds speak to her is to open doors to one's own worlds.

As source of insight and a wellspring of inspiration, *Soul Forest* is a lovely little compendium. ~ Thalassa, Founder of Daughters of Divination (DoD) and producer of the San Francisco Bay Area Tarot Symposium (SF BATS)
